# Lesson 1: Introduction to HTML

KS4 HTML

Ben Garside

# Task 1 - Your first web page

What do you think this code will display, and what will it look like?

Follow the link:

[oaknat.uk/comp-html-l1](http://oaknat.uk/comp-html-l1)

- Add the code to the file
- Run the code and see if your prediction was correct.

```
<body>  
  <h1>My favourite things</h1>  
  <p>This web page is about my favourite things.</p>  
  <h3>My favourite foods</h3>  
  <p>Pizza</p>  
  <p>Burgers</p>  
</body>
```

Source: Atom

## Task 2 - Laser Tag website

A local business want you to create a website for their Laser Tag experience.

Your task is to recreate the design in this image as a HTML website.

You can only use the following tags:

```
<body> <h1> <h3> <p> <ul>  
<ol> <li>
```

### Laser Tag

#### Join us at Laser Tag!
