# **Adding two 3-digit numbers (regrouping in one column)**

## **Independent Task**

Miss Brinkworth

## Part A - use column addition to answer these

$423 + 369 = \square$	$354 + 272 = \square$	$416 + 375 = \square$
$\square = 563 + 341$	$680 + 252 = \square$	$\square = 463 + 361$
$357 + 470 = \square$	$\square = 449 + 242$	$555 + 452 = \square$

## Part B - use column addition to answer these

1) What could these missing numbers be?

	2	4	5
+	1		3
	4		8

1) Check this answer

	3	4	3
+	2	7	2
	5	1	5
