

What are the factors that affect climate?

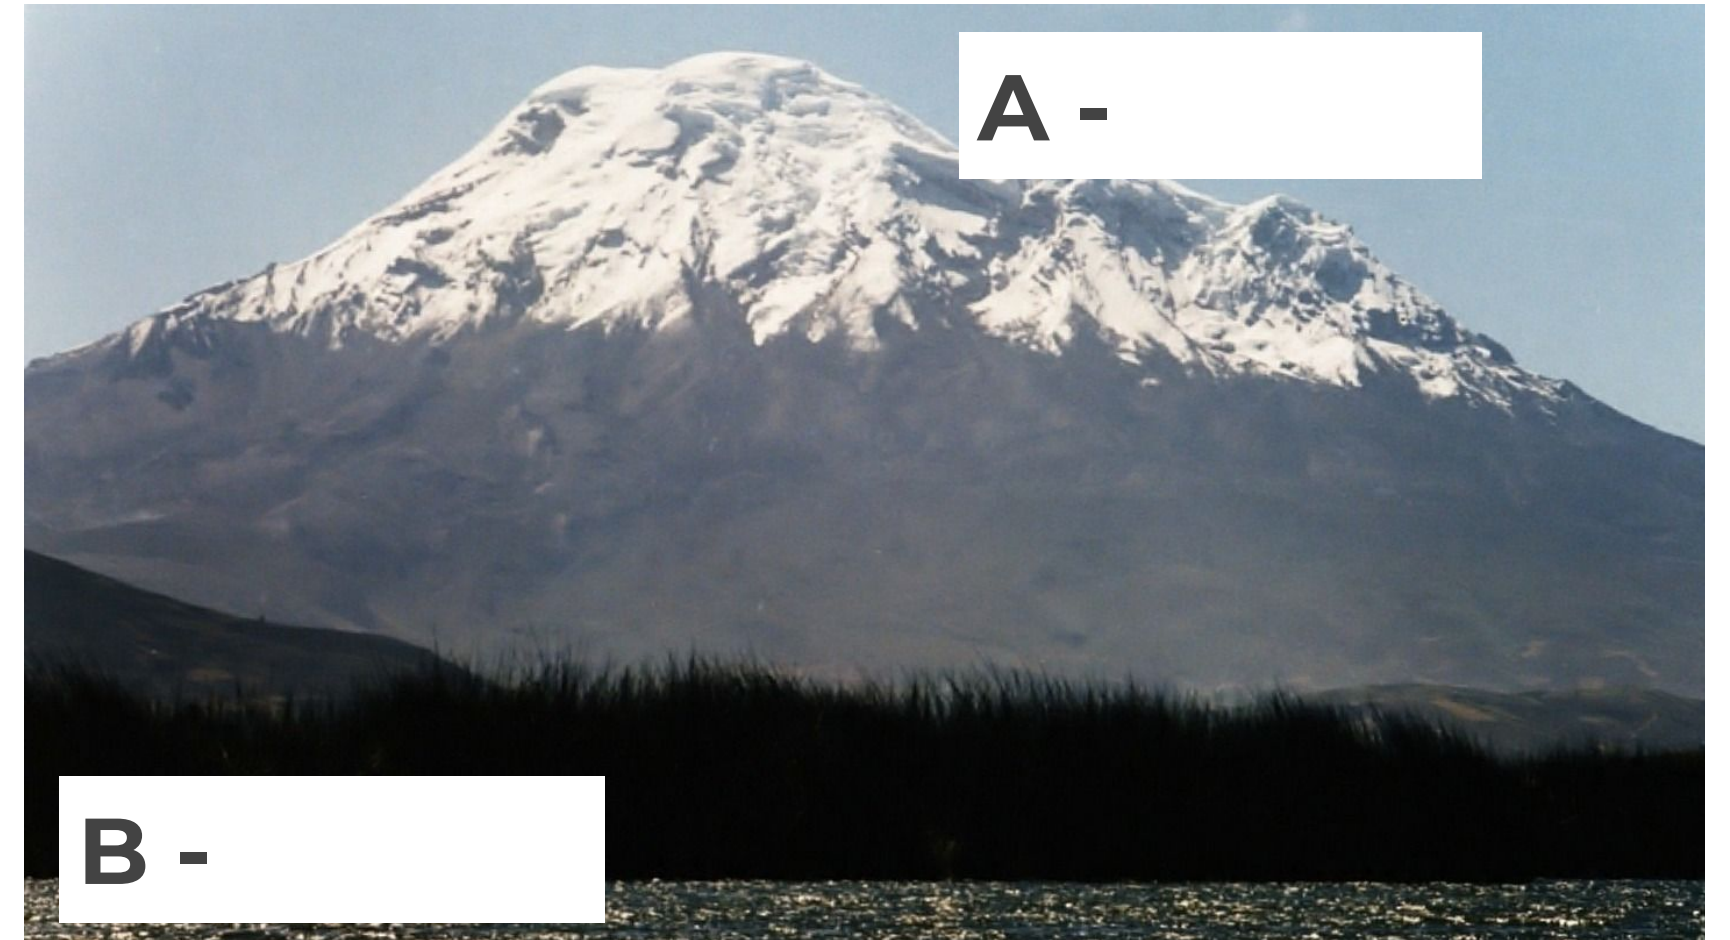

Independent Task Sheet

Miss Sully

Main task

1. Using your understanding of altitude and the diagram to support you, is (a) or (b) the hottest area? Label (a) and (b), **hot** or **cold**.
2. This image is of Chimborazo which is a volcano in Ecuador, a country that lies on the Equator. Why can we see snow at the peak of the volcano?

Success Criteria

Does temperature increase or decrease at higher latitudes?
