Mathematics

# Consolidating and applying: Multiples of 2 and the relationship between the 2 and 4 times table 

Mrs Crane

## Independent Task

## Dice game

The aim of the game is to fill up the square with rectangular arrays of multiplication calculations.

1. Roll your dice
2. Decide if you are going to multiply by 2 or 4
3. Draw in your array

## Challenge:

Does it matter which way your rectangular array is formed?

|  |  |  |  |  |  |  |  |
