

Unit 3 Multiplication and division

Short division

Mathematics

Miss Thomas

Question 1

Solve the expressions using the short division strategy. Draw an area model for each problem. Check using a different strategy or the inverse.

$$684 \div 6 =$$

$$987 \div 7 =$$

$$896 \div 8 =$$

$$675 \div 3 =$$

Question 1 Answers

Solve the expressions using the short division strategy. Draw an area model for each problem. Check using a different strategy or the inverse.

$$684 \div 6 = \mathbf{114}$$

$$987 \div 7 = \mathbf{141}$$

$$896 \div 8 = \mathbf{112}$$

$$675 \div 3 = \mathbf{225}$$
