

Multiplying Decimals Using a Formal Method

Mathematics

Natalie Sew

Independent Task

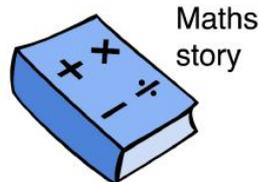

Solve each equation using the most efficient method. Remember to estimate. Check it by drawing your own place value counters.

$$6.5 \times 3$$

$$3.9 \times 4$$

$$10.8 \times 7$$

$$24.3 \times 6$$

Challenge: Create a maths story with your questions.
E.g. Miss Sew went shopping. She bought three teapots for £16.70. How much did she spend? ($16.70 \times 3 = £50.10$)
