Maths

Multiplication and Division: To create bar models that can be used to represent multiplication and division

## Independent Task

Mrs Crane

Independent Task

Create a bar model before solving the problem.

Remember, you can use the arrays to help you draw your bar models!

Nigel is baking and needs 4 eggs to bake a cake.
How many eggs will he need to bake 6 cakes?

What equation does the bar model represent?

There are 3 bags of apples with 4 apples in each bag.

How many apples are there altogether?
What equation does the bar model represent?

Independent Task

Create a bar model before solving the problem.

Remember, you can use the arrays to help you draw your bar models!

There are 5 children sitting at each table.

How many children are sitting at 6 tables?

What equation does the bar model represent?

There are 20 chips on a plate. Eva and Ryan divided them equally between them. How many chips did they each get?

What equation does the bar model represent?
