# Lesson 11: Battle Boats Test

**Programming Part 6: Dictionaries and Datafiles**

Rebecca Franks

<sup>1</sup> *Materials from the Teach Computing Curriculum created by the National Centre for Computing Education*

# Introduction

Copy and complete the testing table on the next slide to ensure that your program works correctly.

Remember to include tests that use **erroneous**, **boundary** and **normal** data.

# Testing table

Test number	Test description	Input (if required)	Expected output	Actual output	If the test was unsuccessful. How was it fixed?
