## Knowledge and understanding

Income tax is one of the main ways the government gains funds.

## Application of that knowledge in different contexts

If citizens are asked to pay more income tax, they may not choose to vote for the party in government again.

## Analyses and evaluation of a range of evidence

Analyses of a graph of sources of government funding show that income tax raised has decreased over 20 years. There are many reasons that could cause this fact and by considering them all, you are evaluating the evidence.
