Lesson 8: Representing Sound

Data Representation

Rebecca Franks

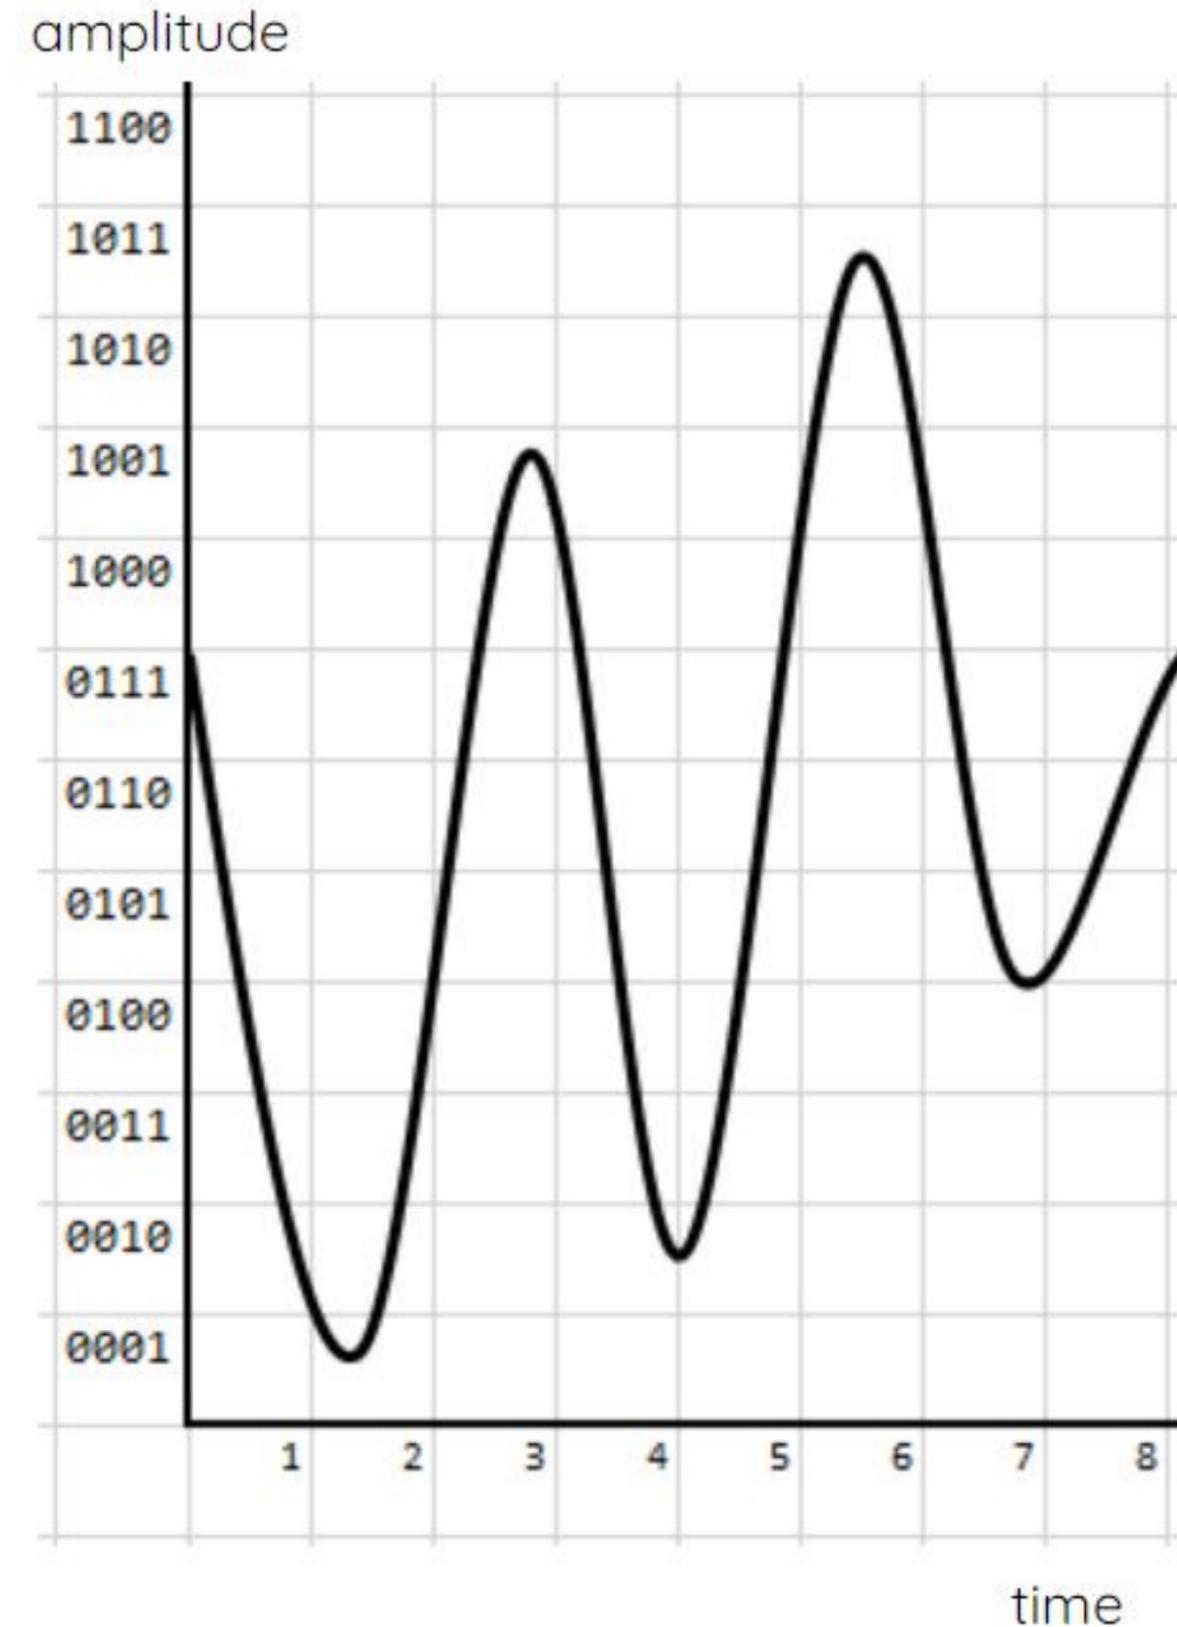

Sampling

Take a look at this graph. The values along the x axis show the time in seconds.

The values on the y axis show the amplitude of the wave.

Use the table on the next slide to record the amplitude of the wave at each 1 second interval.

Sampling

Time	Amplitude
1	0001
2	
3	
4	
5	
6	
7	
8	

Copy and complete the table
