

# Angles and Shape:

To understand acute and obtuse angles

## Main Independent Activity

Miss Brinkworth

## Part A

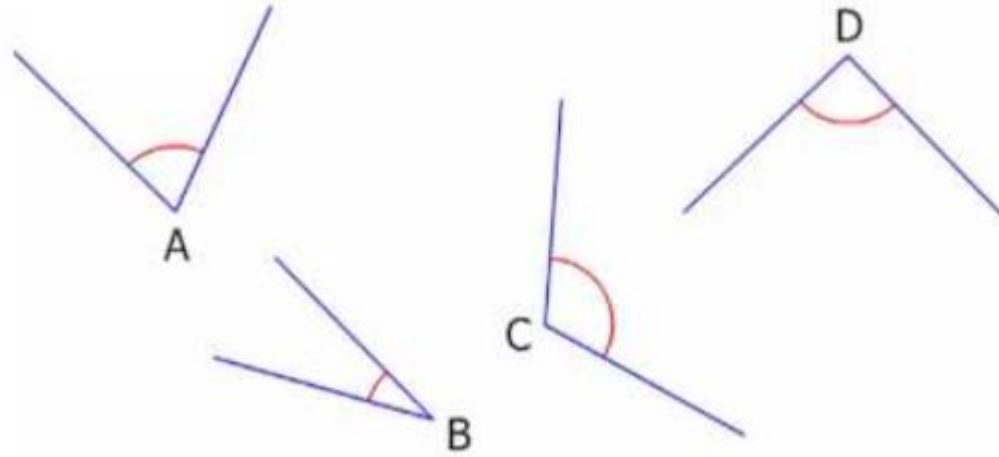

Q1 - Are these angles acute, obtuse or right-angle

A =

B =

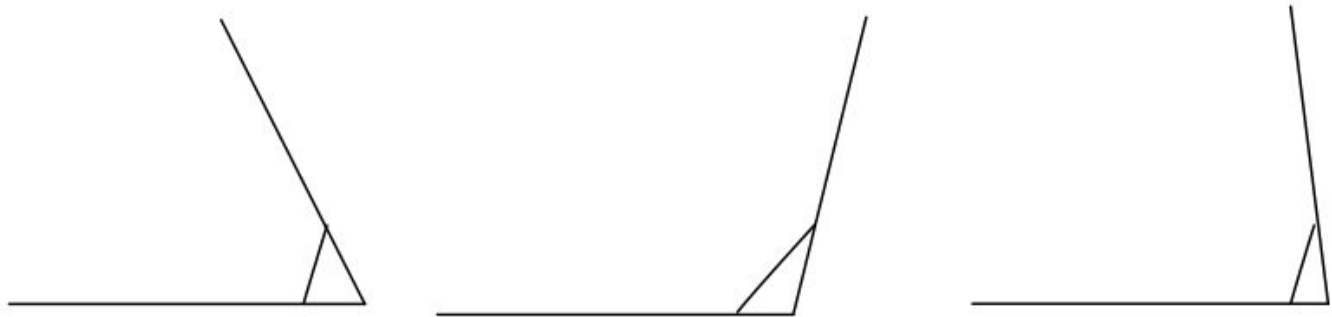

C =

D =

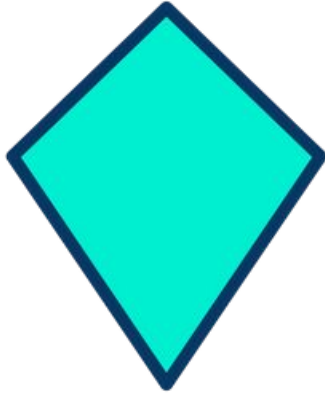

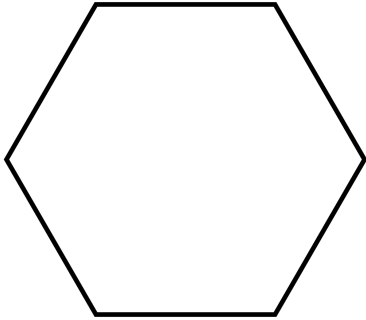

Q2

Find the obtuse angle here

## Part B

Look at these shapes and decide what each of the different angles are (acute, obtuse or right-angle)

Challenge - Can you draw a shape which has an acute angle, an obtuse angle and a right angle?
