Fonética

Many words in Spanish have stress on the penultimate syllable (the second-to-last syllable), for example:

escalada

remo

boxeo

patinaje

Some of these words with a stress on the penultimate syllable have an **accent**. However, this is only the case if the last letter is NOT a **vowel (a, e, i, o, u)**, an **'n'** or an **'s'**.

fácil

móvil

fútbol

Practise pronouncing words 1-9 and write down the words which require an accent on the penultimate syllable based on the rule below:

1. el tenis
2. la casa
3. el album
4. el problema
5. el lider
6. verde
7. el mapa
8. dificil
9. la fruta

If the stress is on the penultimate syllable, ***and*** the word ***doesn't*** end in a **vowel** or **-n**, or **-s**, then it will have an **accent** on the penultimate syllable.

WITH
ACCENTS:
3. El álbum
5. El líder
8. Díficil

Reading comprehension

Soy hinchista del fútbol. Me apasiona el deporte. Los deportes que me aburren mucho son hacer remo y tirar con arco. Para mí, son muy sosos. Prefiero jugar al fútbol. Suelo jugar los fines de semana. Siempre quiero batir a otros equipos. En el pasado lo encontraba difícil marcar un gol es más fácil dado que ahora entreno dos veces a la semana. Por eso, casi cada partido marco un gol.
