Mathematics

## Percentages of Amount 2

Mr Millar

## Connect

Find:

$70 \%$ of $220=$ $\qquad$
$35 \%$ of $220=$ $\qquad$
$95 \%$ of $220=$ $\qquad$

## Independent task

Use double number lines to work out

1. $40 \%$ of 160
2. $5 \%$ of 160
3. $45 \%$ of 160
4. $95 \%$ of 160
5. $150 \%$ of 160
6. $\quad$ _ $\%$ of $160=168$

## Explore

Use two of these number cards to complete the percentage sentence frame. How many different calculations can you make?
How many different answers do you get?

Answers

## Connect

Find:

$70 \%$ of $220=\underline{154}$
$35 \%$ of $220=\underline{77}$
$95 \%$ of $220=\underline{209}$

## Independent task

Use double number lines to work out

| 1. $40 \%$ of 160 | 64 | 160 |  |
| :--- | :---: | :---: | :---: |
| 2. $5 \%$ of 160 | 8 | $0 \%$ | $100 \%$ |
| 3. $45 \%$ of 160 | 72 |  |  |
| 4. $95 \%$ of 160 | 152 |  |  |
| 5. $150 \%$ of 160 | 240 |  |  |
| 6. $\ldots \%$ of $160=168$ | 105 |  |  |

## Explore

Use two of these number cards to complete the percentage sentence frame. How many different calculations can you make? How many different answers do you get?

12 calculations, but 6 different answers

| $75 \%$ | of | 120 | $=$ | 90 |
| :---: | :---: | :---: | :---: | :---: |
| $75 \%$ | of | 40 | $=$ | 30 |
| $75 \%$ | of | 300 | $=$ | 225 |
| $120 \%$ | of | 40 | $=$ | 48 |
| $120 \%$ | of | 300 | $=$ | 360 |
| $300 \%$ | of | 40 | $=$ | 120 |
