

Speech and Language Therapy

Beginning to Use Doing Words

Lesson 6 of 14 on Using Language

Emma Jones

Types of Early Verbs

Early action words
include:

Actions included in their
everyday activities and
play

Body movements

The child understands/uses:

The child needs to know/use:

Early Words

Keep a list of the early words the child **understands**.

Children have to **understand** a word before they can begin using it.

Top tips:

1. Think about things the child **likes** to do and model verbs in those activities

Early Words

2. Use **multisensory** reinforcement to bring the words to life
3. **Repeat!** - Children need to hear new words many times.

When interacting with the child, try to use a new word consistently throughout the activity.

Use it every time you do that same activity.

Example Word Lists

Words	Understands with visual strategies	Understands word
Eat		
Drink		
Jump		
Run		
Cry		
Dance		
Feel		
Listen		
Read		
See		
Sing
