More Fun with Problems and Predictions

Lesson 14 of 14 on Verbal Reasoning

Emma Jones

Egg Parachute Competition!

We are going to make 2 parachutes today.

One with a bag for a parachute.

One with balloons.

Making your parachutes

You are going to make a parachute (bag or balloon) and a protective box to put your egg in.

Work together to talk about how you are going to protect your egg.

Talk about why and how you are solving problems together.

Make some predictions about what might happen to the egg.

When you are ready, parachutes away!

What happened and Why?

What happened to your eggs?

Did your eggs survive?

Which parachute was better? Why?

Which box protected the egg better? Why?

What might you do differently next time? Why?
