Miss Davies

# Bar charts

1. Harry recorded how often each of the members of his gym visited his gym last week in this frequency table. Draw a bar chart to represent this data.

| Number of visits | Frequency |
|:---:|:---:|
| 0 | 9 |
| 1 | 10 |
| 2 | 6 |
| 3 | 7 |
| 4 | 8 |
| 5 | 6 |
| 6 | 5 |
| 7 | 1 |

2. Claire recorded how many students were late to school in her class each day. This is a bar chart of her results.

a) What is the total number of lates?
b) What day is the mode?
c) Why do you think this is?
