Lesson 3: Mini Project

KS4 HTML and CSS

Ben Garside

Task 1 - Review the website

Pick a website to review and complete the table below.

Criteria	Yes / No	How / Why
Clear navigation		
Clear purpose of website		
Minimal distractions (adverts, animations, garish colours)		
Colours or theme are not appropriate for topic		
Consistent layout / theme		
Considers usability, readability, accessibility		

Task 2 - Hand drawn designs - page 1

Use the space below to design one of your pages if you have chosen to do this electronically

Task 2 - Hand drawn designs - page 2

Use the space below to design one of your pages if you have chosen to do this electronically

Task 3 - Bring your designs to life

Your task is to create two new web pages and use HTML to bring your designs to life.

Use the laser tag website you have been working on over the past two lessons. If can't access that work, you can use the following as a starting point (don't forget to fork the project):

oaknat.uk/comp-html-l3-start

Hint: Use the cheat sheets on the following slides for help

HTML Cheat Sheet – Text

Text	
Heading	<code><h1>Largest heading</h1></code> <code><h6>Smallest heading</h6></code>
Paragraph	<code><p>Paragraph text</p></code>
Unordered list	<code></code> <code>list item</code> <code>list item</code> <code></code>
Ordered list	<code></code> <code>list item</code> <code>list item</code> <code></code>

HTML Cheat Sheet – Links

Links	
Link to externally hosted site	<code> text</code>
Link to local page	<code>text</code>

HTML Cheat Sheet – Images

Images	
Link to externally hosted image	<code></code>
Link to locally hosted image	<code></code>
