## Population

### What is a population pyramid?

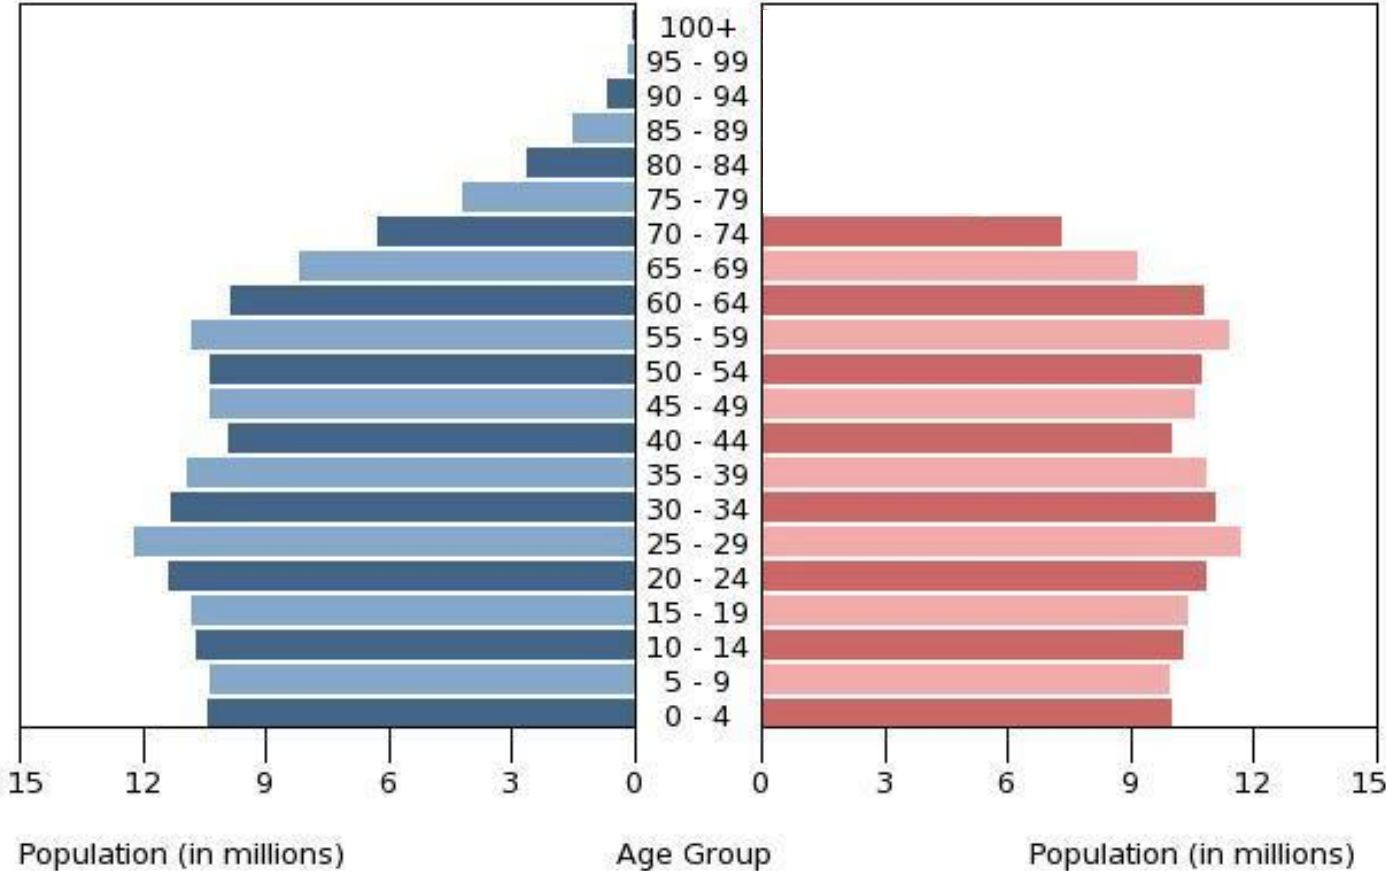

Mr Hutchinson

# United States - 2018

Male

Female

| Age   | Number of females |
|-------|-------------------|
| 100+  | 0.1m              |
| 95-99 | 0.5m              |
| 90-94 | 1.5m              |
| 85-89 | 2                 |
| 80-84 | 4m                |
| 75-79 | 5m                |

**Complete the population pyramid using the data from the table.**
