Unit 10: Measure and Money Problems

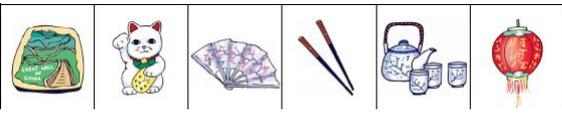

Souvenirs

Independent Task

Mr Whitehead

Souvenirs

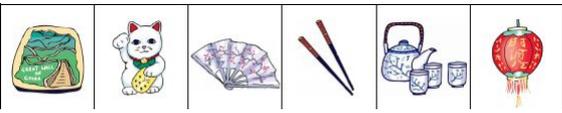

Taseen bought 4 souvenirs from a market stall. He gave the shop assistant £20 for them and was given £3.70 change. He bought the same souvenir for his mum and dad, but bought a different souvenir for each of his two sisters.

Which souvenir did he choose to buy for both of his parents?

| Souvenir | Price |
|-----------------|--------------|
| Magnet | £3.70 |
| Lucky cat | £4.40 |
| Chinese fan | £4.80 |
| Chopsticks | £0.80 |
| Tea set | £5.50 |
| Lantern | £4.50 |

Souvenirs

| Mum | Dad | Sister 1 | Sister 2 | Total (£16.30) | Too low? Too high? |
|-------|-------|----------|----------|-------------------|-----------------------|
| £0.80 | £0.80 | £4.40 | £3.70 | £9.70 | Too low |
