

Independent Task

Deriving related facts

Look at the part-whole models. Can you write the related facts for each part-whole model? **Challenge:** What derived facts can you write?

Independent Task

Efficient addition strategies

Look at the following addition equations. Decide which is the most efficient method to use to calculate the answer.

$4635 + 1242 =$	$1999 + 1990 =$	$2608 + 2609 =$
-----------------	-----------------	-----------------

Independent Task

Efficient subtraction strategies

Look at the following subtraction equations. Decide which is the most efficient method to use to calculate the answer.

$4836 - 2232 =$	$5015 - 4992 =$	$4562 - 1996 =$
-----------------	-----------------	-----------------
