

## Science

# Which materials are absorbent?

1. Ask your parent or carer if you can use water to test absorbency.
2. Make sure any valuable items are far away.
3. Make sure you are in a space which you don't mind getting wet!
4. Pour a very small amount of water onto the object.  
Does the material take in/absorb the water?

# Draw this table

*You can change the objects if you want to.*

Object:	Sponge Or cloth	Plastic bag or cup	foil	Cardboard or paper	Cotton balls or tissue
Absorbent					
Waterproof					

# ANSWERS

*You can change the objects if you want to.*

Object:	Sponge Or cloth	Plastic bag or cup	foil	Cardboard or paper	Cotton balls or tissue
