## Home Management

### Hygiene at home

#### Make it easier

- Just look at one room, such as the kitchen, or bathroom and how to keep it clean and hygienic.

#### Make it harder

- Ask your parent or guardian to help you while you learn how to wash your towels and sheets using the washing machine.

#### More ideas

- Think about how you might use a schedule for other things, such as personal hygiene routine, or exercise routines. Have a go at creating another one.
