Lesson 2: Licencing appropriate images

Gaining support for a cause

Ben Garside

Task 1 introduction - Creative commons

Please ask a parent or carer for permission before accessing the website mentioned on your worksheet. Oak National Academy are not responsible for any third party content.

You will now be given a set of scenarios. Use the website to determine which Creative Commons licence should be applied.

Key words:

Adaptations = changes and modifications

Commercial use = making money from it

Task 1 part 1 - Creative commons

George likes creating digital music using code.

- He doesn't mind if people download and make changes to his music
- If they share any modifications, he wants them to also share the modified file for free

Highlight the appropriate licence from the list below:

- Creative Commons licence
- Attribution
- Attribution-ShareAlike
- Attribution-NoDerivs
- Attribution-NonCommercial
- Attribution-NonCommercial-ShareAlike

Task 1 part 2 - Creative commons

Rebecca is a teacher who posts her lessons on a website for other teachers to use.

- She is happy for others to edit her resources
- She doesn't want others to share their adaptations with others
- She doesn't want others to make money from her resources

Highlight the appropriate licence from the list below:

- Creative Commons licence
- Attribution
- Attribution-ShareAlike
- Attribution-NoDerivs
- Attribution-NonCommercial
- Attribution-NonCommercial-ShareAlike

Task 2 - Inserting your images

Add an appropriate image to each of the three steps within the article linked below. You must make a copy of the document, edit the image where necessary and each image must credit the author.

Please ask a parent or carer for permission before attempting this task. Oak National Academy are not responsible for any third party content.
