

# How much do we rely on electricity?

Science

Miss Simkin

# Electrical appliances

Draw this table:

<b>Electrical appliances</b>	<b>Non-electrical appliances</b>

# Electrical appliances

Sort these items:

# Types of electricity

Fill in the gaps for each definition:

**Battery electricity:**

This type of electricity you need to insert a \_\_\_\_\_ into the \_\_\_\_\_.

**Mains electricity:**

To use this type of electricity, you need to plug the \_\_\_\_\_ into a \_\_\_\_\_.

# Sorting activity

Draw this table and categorise appliances you find around your home:

<b>Mains powered appliances</b>	<b>Battery powered appliances</b>

# Life without electricity

Draw or write some ideas to this question:

What would life be like without electricity?

# Life without electricity

Answer the question:

1. Are humans reliant on electricity?
